DRATA | knowbe4

See How Drata and KnowBe4 Are Better Together

Drata and KnowBe4 unite human risk management and trust management in one powerful ecosystem. As KnowBe4's exclusive GRC partner, Drata seamlessly syncs training data to top frameworks—trusted by thousands of shared customers to strengthen security culture and controls.

Enterprise GRC

Centralize governance, controls, risks, policies, and evidence across the enterprise to stay continuously audit-ready.

AI Questionnaire Assistance

Use AI to draft accurate, consistent responses to security questionnaires based on approved trust content.

Compliance Automation

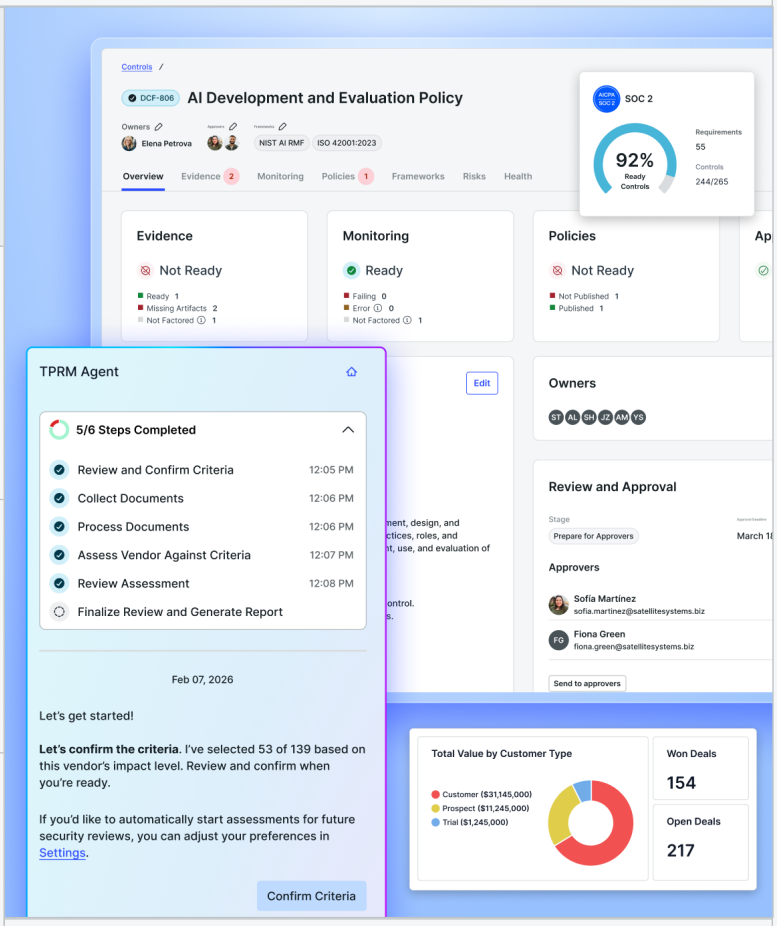

Automate evidence collection and control monitoring across frameworks so you're always prepared for your next audit.

Third-Party Risk Management

Simplify vendor onboarding with standardized assessments, automated follow-ups, and one place to track risk.

Trust Center

Give customers a secure, self-serve portal to review your security posture, request access to documents, and receive answers.

TRUSTED BY 8,000+ GLOBAL CUSTOMERS

CONTINUOUS TRUST ACROSS EVERY CATEGORY

Centralize governance, risk, compliance, and assurance in a single platform to transform GRC from a defensive necessity into a proactive business driver that builds trust, accelerates decisions, and supports long-term growth.

▶ Automated Governance

Assign ownership, enforce deadlines, and manage cross-framework tasks to improve accountability, reduce delays, and scale governance.

▶ Integrated Risk Management

Gain full visibility into internal, external, and third-party risk with AI-driven workflows that centralize tracking, accelerate response, and reduce exposure.

▶ Continuous Compliance

Automate control monitoring, evidence collection, and mapping to reduce prep time, ensure multi-framework readiness, and enter regulated markets faster.

▶ Accelerated Assurance

Use customer trust portals and AI-powered questionnaire automation to reduce review time, improve trust signals, and accelerate sales cycles.

END-TO-END CAPABILITIES YOU CAN TRUST

Automated Governance

- Policy and Personnel Management
- Custom Workflows
- Enterprise-Grade Workspaces

Integrated Risk Management

- Internal Risk Management
